

Finale on your Big Screen!

You can enjoy the 2020 Virtual Finale on your TV if you have the following things:

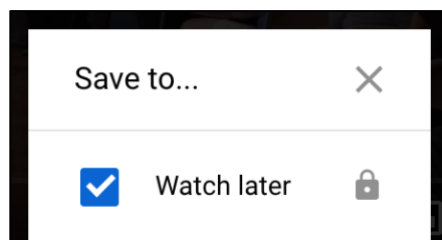

- A Smart TV or streaming box (Apple TV, Roku, etc.) that has the YouTube app
- A free Google (or Gmail) account

Here are the steps you'll need to follow:

1. On your computer (or phone, but the screenshots from below are from a computer), make sure you're signed in to your Google or Gmail account and click the Finale link you received in the email. Please note the link will not be live until 7:00 PM Eastern Time on Friday May 8th, so you will have to complete these steps after the link is live.
2. After clicking the link the video will start. You can continue to watch on your computer or pause the video. Below the video to the right you will see:

3. Click SAVE and you will then see:

4. If the "Watch later" box isn't already checked, check it, and then click the "X" in the top right corner. The video is now saved in your "Watch later" list.
5. On your Smart TV or streaming box go to the YouTube app, and make sure you're signed in using the same sign-in information you used on your computer for your Google or Gmail account.
6. You should now be able to navigate to your "Watch later" list on the YouTube. The steps involved in navigating to the "Watch later" list will depend on the Smart TV or streaming box, but once you do you should see the Finale 2020 video and will be able to enjoy the show on your television!
